RE: 150-hour Requirement

Dear Senator Yee:

On behalf of the Latino Business Professionals of San Francisco, thank you for introducing legislation to enact the 150 hour requirement as the only pathway to licensure for certified public accountants in California effective 2014. We believe it is essential that California conform to the national educational standard for certified public accountants so that California students and CPAs are able to participate in the national and global economies. Forty-six states have already enacted this requirement. We look forward to supporting the legislation and working with you to see that it is enacted.

Respectfully,

Beatriz E. Quezada
President, Latino Business Professionals of San Francisco

P.S. I can be reached at 510-777-3741.
