

Peer Review Scheduling

As part of the AICPA's transition to the new Peer Review Integrated Management Application (PRIMA), the current *Information Required for Scheduling Peer Reviews* (background) form will be discontinued as of April 20, 2017.

To allow staff sufficient time to process your information, all scheduling materials were required to be submitted to your Administering Entity by Monday, April 10, 2017.

If you are unable to submit your information in time, you will need to do so directly in PRIMA.

PRIMA will launch Monday, May 1, 2017.

Firms attempting to schedule their peer review will log into PRIMA at: prima.aicpa.org after May 1, 2017.

If your scheduling information is currently overdue, you will be provided additional time to submit your information once PRIMA goes live.

For an [FAQ](#) and more information, see AICPA.org/PRIMA

Sincerely,

Peer Review Team
