

What does it mean to be a member of CalCPA? Membership is not only about your benefits, but also about the aggregate strength of 44,000 members who stand for the profession. And when an accounting firm chooses to ensure that all eligible staff are CalCPA members—and becomes one of our 100 percent firms—its dedication to the profession is clear. These are the firms that understand

there is strength in numbers, how the future is built on decisions made now and why some workplaces are strictly places to work and why some are the best places to work.

Thank you to our 100 percent firms for continuing to believe in what membership means for our profession. (Firm rankings based on number of CalCPA members as of July 31, 2017.)
