

Managing Successful Teams (DETB)

Course Overview

Explore some of the most effective methods of delegating projects and building staff teams. You'll learn the best ways to empower your staff and increase your organization's productivity, all while you gain skills and tools that enable you to work smarter and boost your long-term managerial success.

Objectives

Upon completion of this course, you'll be able to identify:

- barriers to successful delegation and team building, and how to overcome them;
- how to delegate and train so things stay delegated;
- factors that help build self-sufficient teams; and
- ways to get more time to get things done.

Major Topics

- Barriers to successful delegation and team building
- Training for accounting professionals
- How people work together
- Developing a team that works well together
- Feedback as a tool for successful delegation
- How leadership styles influence success
