

**CALIFORNIA SOCIETY OF  
CPAS PEER REVIEW  
PROGRAM**

**2021 – 2022 DIRECTORY OF  
REVIEWERS**

# Introduction

Welcome to the Peer Review Program Directory of Reviewers. You may call us with questions at (650) 522-3094, and our staff will be ready to assist you, or visit the AICPA's website at [www.aicpa.org](http://www.aicpa.org) for additional peer review information.

The California Society of CPAs administers the AICPA Peer Review Program for enrolled firms located in California, Arizona and Alaska. The AICPA in North Carolina administers this program through the National Peer Review Committee (NPRC) for firms required to be registered with and inspected by the Public Company Accounting Oversight Board.

The listing of a reviewer in this directory does not constitute an endorsement either by the California Society of CPAs or the AICPA. Specific qualifications for reviewers have been established and are set forth in the Standards for Performing and Reporting on Peer Reviews. **It is the sole responsibility of the firm to decide whether the reviewer they engage to perform their review is appropriately qualified.**

We have listed the practice and industry codes under "Areas of Experience" in this directory for those firms having system reviews. When the Peer Review Information (PRI) is completed by the firm in PRIMA, it will indicate the areas of audit practice and audits performed in certain industries regardless of the percentage of a firm's practice in these industries. In addition, for the other industries the firm lists the industries where the firm has 10% or more auditing hours. If no industry comprises 10% or more, then we request information on the firm's three largest audit clients. The AICPA database then matches the reviewer's resume to those items checked on the form. This directory is only a partial list of reviewers who choose to be listed.

Information regarding the Peer Review Program is available by contacting the program staff at:
